

Essential Water Mains Upgrade - Millbrook

Jersey Water will be carrying out essential improvement works at the junction of Waterworks Valley and St Aubin's Inner Road between **Monday 10 October and Wednesday 30 November 2011**.

The majority of these works will be completed using traffic lights, however we will be closing the inner road between Rue de Trachy and Waterworks Valley junction for nine days to complete the replacement of three key valves. The nine day closure has been timed to coincide with the school half term, when traffic volumes are lower. These works will be carried out in four phases, which will affect road closure times. Detailed information will be available on our website (www.jerseywater.je).

Alternative routes will be signposted in advance. Access to premises will be available at all times and businesses will be open as normal.

Works schedule

- **Monday 10 October - Friday 21 October:**
Traffic lights in operation. Expect delays.
- **Saturday 22 October - Sunday 30 October:**
Road Closed.
- **Tuesday 1 November - Sunday 13 November:**
Traffic lights in operation. Expect delays.
- **Monday 14 November - Wednesday 30 November:**
Works in Waterworks Valley. Inner road returned to normal.

Election Day: Wednesday 19 October

Works will be suspended and the road will be open as normal.

Parking and Public Transport

Roadside parking near our works will be restricted and signs will be positioned to identify these areas.

A shuttle bus service will operate during the road closure between Rue de Trachy and Liberation Station. This will allow the public using bus stops between First Tower and St. Helier to travel as normal.

Disruption to water supply

There will be some short periods of disruption to water supplies while we shutdown and install the new valves.

Residents and businesses will be notified nearer the time and we will try to minimise disturbance.

Jersey Water wishes to thank the public for co-operating with the required road closures.

For more information and for details about road closure times, please contact: Hugo Willson (Infrastructure Manager) T: 07797 740865, Peter Hamel (Network Manager) T: 707346 or visit: www.jerseywater.je
