

# GET YOUR MOJO ON FOR

The Jersey Oncology Unit coordinates the care of patients with all types of cancers. Friends of Jersey Oncology (FOJO) was formed in 2012 to raise funds for the purchase of non-States provided equipment and services for the Oncology Unit.

In 2014, we estimate that the chemotherapy ward will give chemotherapy drugs to around 400 new cancer patients.

This year **FOJO** aims to hold all new patients hands by providing them with a patient pack of items to help them overcome many of the common issues caused by the side-effects these drugs have on the body.

Help us reach our goal of 400 patient packs by getting your Mojo on for **FOJO** and wearing a wig to school or work to help us raise funds and awareness for this unique charity.

**Friday 11th April - get your Mojo on for FOJO - wear your wig
